

The Divisors, Gematria, and Musical Gematria of 3168

The general character of the number 3168, as conveyed by its position in ancient cosmological diagrams and the phrases associated with it through gematria, is that it represents the spirit which passes through and encircles the universe, Plato's World-soul. The Christian term for this spirit, developed from the number 3168, was Lord Jesus Christ.
 John Michell, Dimensions of Paradise p. 173

1056. messenger (540) + Hestia (516)
 πομπος + Εστια
